

VOTE CARE DIG

NO STUDENT LEFT BEHIND.

Your Next UG Access & Admissions Officer

WHY ME?

- 3 1/2 years dedicated to access and education work at Cambridge: Magdalene JCR Access & Academic Officer and Treasurer.
- School of Technology SU rep.
- Cambassador.

1

Bursaries:

No change in £3,500 max since its inception.

I will:

- increase Cambridge bursary funding to bridge college funding inequality.
- Push for funding to increase with inflation.

2

Accessible Education:

The university continues to push back on accessible education measures, eg. universal lecture recordings.

I will push for:

- Universal lecture recordings.
- Implementing the reading week.
- Requiring departments to consult with academic reps on exam strategies.

3

Better SU Access Provision:

SU access provision has declined sharply since the merger & pandemic.

I pledge to:

- Introduce a student-led Access campaign.
- Campaign to increase SU access provision.
- Lay the groundwork for future access.

4

Fossil Fuel-Free Education:

Oil companies pay departments to greenwash their image, and deliver lectures to students directly.

I commit to:

- Stopping oil companies from hijacking our education & banning them from teaching at our university.
- Ensuring all lecturers can speak freely on the actions of fossil fuel companies.
