

GRADUATE UNION

AT THE UNIVERSITY OF CAMBRIDGE

Graduate Union Affiliations

The Graduate Union is not affiliated to any external organisation. The following have been suggested to Council by the President, as in the students' interest to affiliate to.

1. The living Wage Foundation/ Campaigns – Cost £60
 - Many of our students work under precarious contracts, sometimes being paid per teaching hour, and which does not include preparation.
It is therefore felt that this is in the student's interest.

2. UK Council for International Student Affairs, UKCISA – Free
 - This represents international students interests, as well as providing support to students' unions
 - It helps influence government policy on international students
 - *It is therefore felt that this is in the student's interest.*
